Subject: FYI- GSA Ascertains Transition Activities

Good morning POIS –

In case you didn't see this in the news, I wanted to let you know that GSA has ascertained that Biden can access transition resources which means the official transition activities in the Agencies can now begin. See here: https://www.gsa.gov/cdnstatic/2020-11-23_Hon_Murphy_to_Hon_Biden_0.pdf. More information on the transition process can be found here: <https://www.gsa.gov/governmentwide-initiatives/presidential-transition-directory>. This Partnership for Public Service site also has some great information: <https://presidentialtransition.org/>

As we've discussed at our team meetings, I am serving as the Transition Coordinator for R7 but this will really be a group effort moving ahead. Katie will be the staff lead for transition activities and I've also asked Toni for her support as well as the workload on this front will likely become significant in the weeks and months ahead. We may also tap you all for assistance with specific activities or resources as we move forward. Thanks to all of you in advance!

More to come soon. I hope to start hearing more next week from HQ on next steps and will keep you all in the loop.

Thanks!
Amanda
